

Concurrent Review Process Enhancements

We've made some enhancements to the Concurrent Review process, including:

- New and improved Concurrent Review Checklist.
- New Project Data Sheet for Concurrent Review, Final Site, and Commercial Buildings (this takes the place of the Final Site Review and Commercial Building Requirements form).
- New Concurrent Review signature block required for all pages of Concurrent plans.
- Updated Infrastructure Construction Plan signature block required for all pages of ICP's.

For additional information and links to the documents, visit www.raleighnc.gov or www.DSinsider.com
